Candidate Lively is all that Gov. Baker is not

Posted Aug 23, 2018 at 3:01 AM

As the Massachusetts Republican primary Sept. 4 approaches, I urge all Republicans and unenrolled voters to get out and vote for Scott Lively for governor.

Most don't even know that they have a choice. But Scott Lively got nearly one-third of the delegates at the GOP convention against "America's most popular governor," Charlie Baker. Also, Scott Lively easily gathered over 11,000 signatures to get on the primary ballot.

I don't think Charlie Baker is very popular with his own base. And if the voters have their say, he's going to have a terrible night on Sept. 4. Scott Lively is pro-life, pro-Second Amendment and pro-Trump; Charlie Baker is not! It's time to drain the Massachusetts swamp! Get out the vote!
