Dear Friends and fellow Patriots,

Shalom! It is almost time for our annual July 4th celebration! As usual it will be a great time of fellowship, fun, food, honoring our country's godly heritage, and of course, the famous fireworks show put on by Berkshire Fireworks!

This year we will also have two very special speakers joining us!

Dr. Scott Lively
Massachusetts

Republican Gubernatorial candidate Dr. Scott Lively is the only challenger of incumbent RINO Governor Charlie Baker in September's 2018 Primary. Dr. Lively ran for the Governor of MA four years ago as the only conservative Christian independent candidate in that race. He recently upset the GOP state convention in May by gaining 27 % of the vote, second only to Governor Baker.

Mr. Michael King

Michael is the Director of Community Alliances with MFI

“The mission of MFI is to strengthen and protect the family, life, liberty, and marriage; and to educate towns and cities how they can opt out of the commercialization of marijuana. Michael will be speaking on several concerning laws and bills at our State House and concerning curriculum in our public school. You’ll also want to hear the latest on the REPEAL of the Bathroom Law.”

Our role as Christian citizens in MA is to get educated on the issues and engaged in local elections. What better time than July 4th to rally grassroots support of Dr. Lively and MFI, whose visions for public office and policy are in alignment with our shared Biblical worldview?

We encourage you to bring your friends and a neighbor to hear these gentlemen speak on the most importance issues of our time.
